From design
to the realization

**NEW CONCEPT
OF BOAT**

Vincenzo Catarsi & Surfcrest Ltd.

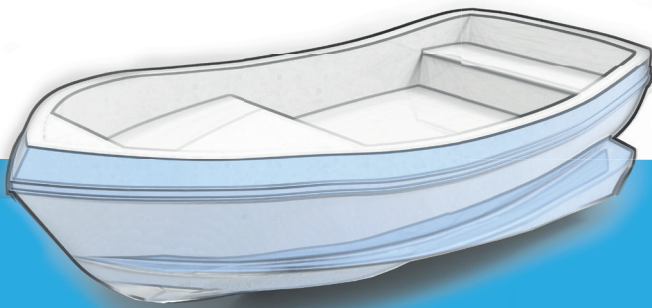

Design and realisation of succesfull hulls.

Today ,thanks of a brillant intuition, an ancient design genius is combined with an innovative construction technique with modern, lightwei-ght and robust materials.

Vincenzo Catarsi, the creator of Calafuria...

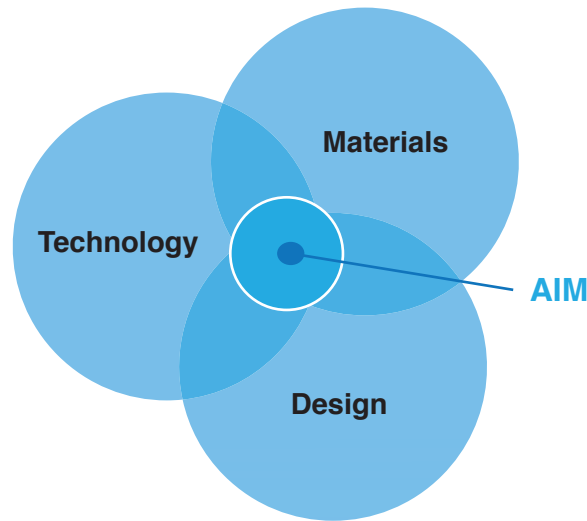

His new creation: **Calambrino**

..."Everybody is in a hurry and they want to run safely using just little fuel. The new boat is unsinkable, very stable, very light and fast..."

linglot

Design philosophy

DESIGN customizable by user request.

TECHNOLOGY: Industrial production process with zero emissions with 3D technology and operation of machining center with 5 interpolated axes and coating closing cycle.

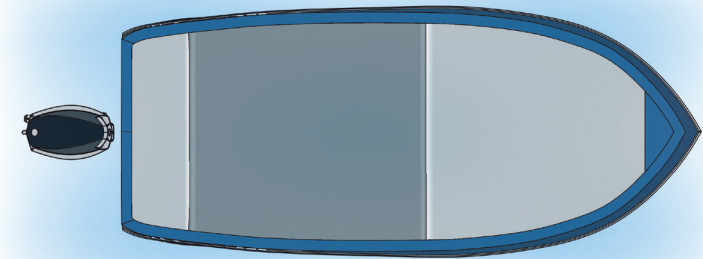

Characteristics of **MATERIALS:**

- Lightweight and strong
- Safe and performance
- Unsinkable and aesthetically treated
- Economic and environmentally friendly

AIM

Towards the future to replace techni-ques, technologies and materials of the past

The project: Calambrino

Lenght: 3,8 m

Width: 1,6 m

Weight: 120 Kg

Engine:
a max power 40 hp
outboard motor.

Capacity: 4 persons
